In general terms the rates represent the ordinary weekly amount payable to the employee and do not include site specific or other various compensatory allowances.

Portable Long Service - Other Industry Sectors

The current State Government have been reviewing employee work profiles of various industry sectors to determine whether they would benefit from the introduction of portable long service.

As a consequence of the review the employment profile of the Community Services Sector has been identified as being similar to the building and construction industry.

A Working Group made up of representatives from Government, unions and employer representatives are currently working to review the potential of such an undertaking and it's feasibility.

TasBuild are involved, more in a consulting capacity to assist with the operational, technical and logistical issues that may be encountered should a new scheme be introduced.

Asbestos Awareness Free training

TasBuild Limited has agreed to sponsor the “Asbestos Free Tasmania Foundation” (AFTF) to raise the awareness of building and construction industry employees about asbestos, it's dangers and the laws about asbestos in the workplace.

As part of TasBuild's sponsorship AFTF will deliver a one hour training course, at **no charge** (for the first 40 bookings), to the employees, of employers who are **registered and contributing** to the Construction Industry Long Service Fund.

AFTF will deliver the training at your premises or workplace, at a time to suit you and your employees.

Should you wish to take advantage of this **free training** you can either ring TasBuild on 03 6233 7670 or send an email marked to the attention of the CEO to secretary@tasbuild.com.au as soon as possible, advising your preferred time and date and the number of employees who will be attending the training.

See over for more details:
