Assuming he continued in the Relevant Employment throughout the period including any allowance payable by the Employer in respect of tools and equipment required by the Employee in the Work but does not include

- (a) payment for overtime;
- (b) disability allowance being any allowance payable to an Employee as a consequence of his working in specified circumstances, being circumstances that involve, or are likely to involve, special danger, hardship, or inconvenience to the Employee, except where it is reasonably to be expected that persons engaged in the type of employment in which the Employee is ordinarily engaged would be entitled to that allowance for the whole, or the greater portion, of the time in which they are so engaged;
- (c) if the Employee is expected to work away from the Employee's usual place of residence, the value of, or any payment in respect of, board and lodging;

the remuneration for the purpose of calculating Ordinary Pay at any point of time is determined by taking the average of the remuneration paid to the Employee during:

- (c) the 3 months in Relevant Employment immediately prior to that point in time; or
- (d) the actual period of Relevant Employment with an Employer if that period was less than 3 months.

- 13.3. If an Employee dies, any variation in the Employee's remuneration that would have come into effect after the date of the Employee's death is not included in the calculation of the Employee's ordinary pay.
- 13.4. Notwithstanding any other Rules in this part, if the remuneration of an Employee is less or more than the remuneration of another Employee employed by the same Employer in substantially the same employment, the Trustee may determine the remuneration of the employee for the purpose of these Rules.

13A. ABNORMAL WAGE VARIATIONS

- 13A.1 For the purposes of this rule an 'abnormal wage variation' may be due to the reason for the variation or the size of a variation which results in an Employee's weekly 'Ordinary Pay' being increased or decreased during any twelve-month period by an amount greater than the average movement in wages for employees of a similar classification during the same period.

- (a) Where an employee has had an 'abnormal wage variation' the 'Long Service Payment' for the period of the 'abnormal wage variation' will be calculated on the basis of the 'Pay' the employee received during the 'abnormal wage variation' period, adjusted, as appropriate based on the annual actuarial assessed wage increase of the Fund, to a present day value, and further adjusted in accordance with Rule 13.1, and multiplied by the amount of long service accrued during the 'abnormal wage variation'.

The rate of long service accrual is 0.8667 weeks for every 260 days of employment in 'relevant employment where employment occurred prior to 01 January 2006 or 1.3 weeks for every 260 days of employment in 'relevant employment for employment on or after 1 January 2006.

- (b) For the purposes of this Rule where an employee accrues an entitlement to Long Service that includes a period where an 'abnormal wage variation' applied and that 'abnormal wage variation' **continues** at the time of taking the entitlement the following will apply:
- (1) The weekly Ordinary Pay that applied before the 'abnormal wage variation' will be adjusted, based on the annual actuarial assessed wage increase of the Fund, to a present-day value.
 - (2) The adjusted rate in Rule 13A.1(b)(1) above will be compared to the employee's 'abnormal wage variation' at the time taking the entitlement, and where the variation is less than 10 percent (plus or minus), the current 'abnormal wage variation' will be used to calculate the entitlement for the whole period of Long Service accrued during the period.
 - (3) Where the variation is greater than 10 percent (plus or minus), the adjusted rate in Clause 13A.1(b)(1) above will be used to calculate the entitlement for the period of Long Service accrued during the period before the 'abnormal wage variation' applied.
 - (4) The period where the 'abnormal wage variation' applied will be calculated in accordance with Rule 13A.1(a) above.

- (c) For the purposes of this Rule where an employee accrues an entitlement to Long Service that includes a period where an 'abnormal wage variation' applied and that 'abnormal wage variation' **ceased** prior to the time of taking an entitlement, and the Ordinary Pay at that time was **lower** than the 'Pay' that applied during the 'abnormal wage variation', then the following will apply:
- (1) The weekly Ordinary Pay that applied before the 'abnormal wage variation' will be adjusted, based on the annual actuarial assessed wage increase of the Fund, to a present-day value, except where the Ordinary Pay that applied before the variation was the same as the Ordinary Pay that applied immediately after the variation.
 - (2) The adjusted rate in Rule 13A.1(c)(1) above will be compared to the employee's Ordinary Pay at the time taking the entitlement, and where the variation is less than 10 percent (plus or minus), the current Ordinary Pay rate will be used to calculate the entitlement for the period of Long Service accrued during the period where the 'abnormal wage variation' did not apply. The current Ordinary Pay rate will also apply where the Ordinary Pay rate was the same before and after the variation.
 - (3) Where the variation is higher, the period after the period of 'abnormal wage variation' will be treated as if it was a period of 'abnormal wage variation', calculated in accordance with Rule 13A.1(a) above.
- (d) For the purposes of this Rule where an employee accrues an entitlement to Long Service that includes a period where an 'abnormal wage variation' applied and that 'abnormal wage variation' **ceased** prior to the time of taking an entitlement, and the Ordinary Pay at that time was **higher** than the 'Ordinary Pay' that applied during the 'abnormal wage variation', then the following will apply:
- (1) The weekly Ordinary Pay that applied before the 'abnormal wage variation' will be adjusted, based on the annual actuarial assessed wage increase of the Fund, to a present-day value, except where the Ordinary Pay that applied before the variation was the same as the Ordinary Pay that applied immediately after the variation.
 - (2) The adjusted rate in Rule 13A.1(d)(1) above will be compared to the employee's Ordinary Pay at that time and where the variation is less than plus or minus 10 percent the current Ordinary Pay rate will be used to calculate the entitlement for the period of Long Service including any period of 'abnormal wage variation'. The current Ordinary Pay rate will also apply where the Ordinary Pay rate was the same before and after the variation.
 - (3) Where the variation is higher the period after the period of 'abnormal wage variation' will be treated as if it was a period of 'abnormal wage variation'. The remaining period/s including the period where the 'abnormal wage variation' applied will be calculated in accordance with the relevant parts of this Rule.

13A.2 Wage variations that occurred during a period where the employee was employed as an apprentice or a trainee are not considered to be periods of 'abnormal wage variation'

14. DETERMINATION OF ORDINARY PAY WHERE ORDINARY PAY EXCESSIVE

14.1 Where an entitlement to Long Service Payment accrues in respect of an Employee, other than a Self-Employed Worker, and it appears to the Trustee that his Ordinary Pay calculated in accordance with Rule 13 is excessive by reason of:

- (b) the remuneration that was payable to the Employee in respect of any work performed by the Employee at any time material to the calculation,

the Trustee may by notice in writing served on the Employee or their personal representative (as the case requires) inform the Employee or their personal representative that, unless they satisfy the Trustee that it should not do so, the Trustee proposes to determine the Employee's Ordinary Pay at a lesser amount.

the Trustee may determine the Ordinary Pay of the Employee to be paid in respect of or in lieu of a Long Service Payment under these Rules at such amount (being less than the Ordinary Pay as calculated in accordance with Rule 13) as the Trustee thinks fit.

14.4 In making a determination under this Rule 14.4 the Trustee shall have regard to any written submission and may otherwise inform itself in such manner as it thinks fit, but except as provided by this Rule 14.4 the Trustee is not required to give to any person notice of or an opportunity to answer or to be heard in relation to any matter taken into account by the Trustee in making the determination.

14.5 The Trustee shall cause notice of its determination to be served on the Employee or their personal representative.

- 15.2 The Trustee shall cause notice of its determination to be served on the Employee or their personal representative.
- 15.3 The Ordinary Pay of an Employee as determined under this Rule 15.3 shall, notwithstanding anything to the contrary in these Rules, be the Ordinary Pay to be paid in respect of or in lieu of Long Service Leave under these Rules.

PART 8 - GENERAL

26. MEANING OF CONSTRUCTION WORK

26.1 The Trustee may determine

Subject to Rules 11 and 26.4, the Trustee may by Ordinary Resolution of its Directors make a decision:

- (a) that any specified work is or is not Construction Work;
- (b) that a person is or is not an Employer engaged in the Construction Industry;

In the exercise of this discretion, the following guidelines not rule shall apply:

- (i) *Where an employer engages in relevant construction work on an irregular basis and such activity constitutes on average less than 10% of the total hours worked by all employees in the business, then subject to (ii) below, such employers shall not be required to join and contribute to the fund.*
- (ii) *Notwithstanding (i) above, in circumstances where an employer engages employees to work exclusively or predominately in relevant employment, then such employees shall be registered with the fund and contributions made on their behalf. In this context 'predominately' shall mean more than 90% of the total hours worked by an employee. This guideline shall apply notwithstanding that the predominate activity carried on by the employer is other than construction work.*

- (c) that a person is or is not an Employee employed in the Construction Industry; or
- (d) otherwise concerning a person's obligations or entitlements under these Rules (including obligations or entitlements under these Rules arising by virtue of the Act).

26.2 Trustee may determine on own motion or on application

Subject to Rule 27, the Trustee may make a decision under Rule 26.1 either of its own motion or upon the application of an Employee or Employer, or a person on behalf of an Employee or Employer.

26.3 Prescribed Form

An application for a decision by the Trustee under paragraphs (a), (b), (c) or (d) of Rule 26.1 must be in accordance with Form 1 of these Rules, or in such other form as may be approved by the Trustee (by Ordinary Resolution of its Directors) for the purposes of this Rule 26.

26.4 Trustee to give reasonable opportunity for hearing

The Trustee must not make the final decision under this Rule 26 unless it has provided each Employee or Employer who the Trustee reasonably believes will be affected by that decision a reasonable opportunity to make written or verbal submissions. The Trustee may delegate to a Directors' Committee (established in accordance with Article 35 of the Articles of

Association of the Trustee) the task of hearing any verbal submissions or considering any written submissions. This Directors' Committee will, after receiving and considering such submissions, report to the Board of Directors of the Trustee and make a recommendation to the Trustee on the basis of the submissions it received. The Board will then make a final decision in relation to the issue and may, in making that final decision, act in accordance with the recommendation by the Directors' Committee, contrary to that recommendation or otherwise and will not be required to hear or receive submissions from any Employee or Employer whom the Trustee has reason to believe will be affected by that decision.

26.5 Meaning of 'reasonable opportunity'

Without limiting the meaning of the expression 'reasonable opportunity', the Trustee will for the purpose of Rule 26.4 have provided a person a reasonable opportunity to make submissions in respect of a final decision under this Rule 26 where the Trustee:

- (a) notifies the person of the nature of the decision which the Trustee has decided (or has been requested) to make, and invites the person to make written submissions to the Trustee in relation to the decision;
- (b) provides the person with details of the time and place of the Directors' meeting at which the Trustee will make the decision; and
- (c) informs the person of that person's right to make written and verbal submissions.

Such notification shall be not less than 14 days prior to the Directors' meeting at which the Trustee proposes to make that decision.

26.6 Notice of decisions

The Trustee must within 14 days of making a decision under this Rule 26, notify each person in respect of whom the decision is made and each person who made a submission to the Trustee in relation to the decision, of the Trustee's decision by notice in writing setting out the terms of the decision and stating that the person may within 14 days of the date that the notice was posted by the Trustee, send by post or lodge with the Trustee an objection in writing against the decision stating fully and in detail the grounds on which he relies.

26.7 Decision of Trustee not invalidated

A decision by the Trustee under this Rule 26 will not be invalidated because the Trustee has failed to comply with Rules 26.5 or 26.6 in respect of every Employee or Employer affected by that decision, provided that the Trustee substantially complied with Rule 26.5 in relation to those Employees or Employers whom the Trustee ought reasonably to have been aware would be affected by the decision.

26.8 Date Persons notified

Each person to whom the Trustee issues a notice under Rule 25.6(a) is deemed to have been notified of the Trustee's decision on the 3rd Business Day after the notice was posted by the Trustee.

27. OBJECTIONS

27.1 Persons may object

An Employee or Employer who is dissatisfied with any decision made by the Trustee under Rule 26 may, within 30 days of being notified under Rule 26 of the Trustee's decision, send by post or lodge with the Trustee an objection in writing against the decision stating fully and in detail the grounds on which he relies.

27.2 Trustee to consider objections

The Trustee must consider an objection received under this Rule 27 and may either disallow or allow it either wholly or in part, and must serve the person who lodged the objection by post or otherwise with written notice of the Trustee's decision within 14 days of the Trustee making that decision.

27.3 Arbitration

If a person ('Objector') who has lodged an objection with the Trustee under Rule 27.1 is dissatisfied with the decision of the Trustee on the objection, the Objector may require the Trustee to submit the dispute to arbitration as follows:

- (a) the Objector shall serve a written notice on the Trustee, within 14 days after notice of the Trustee's decision, requiring the appointment of an arbitrator;
- (b) the arbitrator shall be a person agreed to by the Objector and Trustee or, failing agreement within 14 days from service of the notice requiring arbitration, shall be a person nominated by the President of the Law Society of Tasmania or his nominee;
- (c) the arbitration must be conducted in accordance with and subject to the provisions of the *Commercial Arbitration Act 2011*;
- (d) the fees and expenses of the arbitrator are to be borne jointly by the Objector and Trustee unless the arbitrator determines, in the circumstances, that one party should bear all or a large proportion of the fees and expenses; and
- (e) the Objector and the Trustee are to bear their own costs unless the arbitrator determines, in the circumstances, that one party should bear the costs, or part of the costs, of the other.

27.4 Notice of decisions

The Trustee must within 14 days of the arbitrator's making a decision under this Rule 27, send to each person in respect of whom the decision is made and each person who made a submission to the arbitrator in relation to the decision, a notice in writing setting out the terms of the arbitrator's decision.

28. KEEPING OF BOOKS AND RECORDS

Work and must preserve each of those books and records for a period of seven years after the last entry was made in it.

- (a) Registration of all employees engaged by the employer in the construction industry;
- (b) Payment of the Long Service Charge in accordance with Rule 10.

29. CONTRACTING OUT PROHIBITED

For the purposes of these Rules, except as is otherwise expressly provided in these Rules, no contract or agreement made or entered into either before or after the commencement of these Rules will operate to annul, vary or exclude any of the provisions of these Rules.

30. REFUNDS

- 30.1 Where the Trustee finds in any case that Long Service Charges have been overpaid or an amount has been paid on account of an employee of an Employer that is not entitled to a Long Service Payment ('Excess Contribution'), the Trustee may, provided the amount has not been paid to the employee, or as otherwise provided under these Rules, within seven years after the Excess Contribution is made, make a refund to that Employer of that Excess Contribution.
- 30.2 Where the Employer has paid the Trustee an amount on account of GST on the Excess Contribution the Trustee will refund the amount paid and provide the Employer with an adjustment note.
- 30.3 Where an Employer that has made an Excess Contribution has not received a refund under Rule 30.1 and the employee of that Employer in respect of whom the contributions have been made is not eligible under the Rules to a Long Service Payment has completed a period of service equivalent to a period of Relevant Employment that would give rise to an entitlement to Long Service Payment under these Rules, the employee although not entitled to any payment from the Fund, may be paid an amount equivalent to Long Service Payment as if that employee has been engaged in Relevant Employment for the Relevant Employment Period, if and only if, in the absolute discretion of the Trustee, the Trustee decides to do so.
